

Austin Martinez

Audio, Video and Broadcast Engineer

EXPERIENCE

Audio, Video and Broadcast Engineer, University of North Texas — 2019 - Present

Help run and facilitate the Recording Services department in the College of Music at the University of North Texas with the Director of Recording Services. Manage a team of 6-9 student workers a year and recording/streaming around 600 events a school year.

Stingray Collective - Co-Owner and Engineer — 2019 - Present

Working throughout DFW to provide audio and video work for Higher Education, Public Schools, freelance musicians and companies. Providing livestreams to reach and target larger audiences. Hosting live events to help bring communities and groups together.

Student Audio Engineer, University of North Texas — 2016 - 2019

Specializing in Classical and Jazz archive recording. Responsible for 2 - 5 recordings a week in the College of Music. Working with Logic and Dante software.

AM Sunrise Productions — 2015-2019

Recording in and around the DFW area helping to produce many audition tapes for orchestras, military groups, and summer festivals around the world. Also working with recitals and concerts as well as producing music videos and short film projects.

Audio/Video Engineer, Held Chair on Board for North Texas Children's Chorale (Non-profit) — 2017-2020

Recording Live Concerts and traveling with the group to document trips as well as photography for the group.

Multimedia Intern/Contractor

Sunwest Communications - Public Relations — 2019 - 2020

Recording corporate videos and making social media ads for clients including ExxonMobil, Gittings Photography, myriad of Nonprofits and many more.

VIDEO EDITOR, OUTSIDE IN MUSIC - 2019 - 2020

Editing session videos into releasable content and Live Concerts

EDUCATION

University of North Texas - Denton, Tx. — Jazz Studies, Aug 2014 — May 2019
